

Hi Mr President FERRERO,

We will have 18 teams Playing at the Oporto European Open championship

12 Nation , 7 women, 11 men And 22 Juges

By the number of teams competing at this championship, it will be as big as the World championships at Kranj 2009

We have put on line the [official web site](#) we have also linked the CMAS site For the video coverage we will use 247 and put the games real time on the competition site, we would also like the games to be played on the CMAS site (hockey section) and also if you agree on the front page of the CMAS site.

I have cc Peter to see if this is possible technically.
