CONFÉDÉRATION MONDIALE  
DES ACTIVITÉS SUBAQUATIQUES  
WORLD UNDERWATER FEDERATION

Rome, 12/05/2011

Secrétaire Général

Réf.: 822/SG/2011

To all CMAS Members

Dear CMAS Members,

CMAS has launched its new management program of administrative system (annual fees, orders, invoices, sport licenses etc.) and inscription management of upcoming (CMAS) championships, making the process friendly and efficient for all members.

The online registration for the management of the coming year, 2012, is now launched and online on our website ( [http://www.cmas.org/news\\_for\\_federations.php](http://www.cmas.org/news_for_federations.php) ) . Please read the following instructions in order to create and complete your registration.

As a CMAS affiliated organization, you will be given a personal e-mail address after having completed your registration and you will also get access to all areas of the management program.

We hope that you will welcome these improvements added to the new system. We will of course be more than happy to collaborate with your organization regarding this new module and to receive any questions or comments that you may have to the following address: [support@cmas.org](mailto:support@cmas.org)

We thank you in advance for your collaboration.

Best regards,

Alessandro Zerbi
