

Dear CMAS colleagues and friends,

We would like to point out once more that there is no participation fee - i.e. PARTICIPATION IS FREE. The downside will be that you have to pay for your own food and drinks while attending the workshop.

The Conference Proceedings will be available for 10 Euros (exact change please).

NOTE: There will be an ice breaker on Wednesday evening in the GEO building starting at 18h. (more info will follow)

IMPORTANT: We need to know who will attend. Many Talks and Posters, for examples, have multiple authors and we do not know how many of those will attend. We also do not know how many will come to the workshop without presenting. We need to know in order to prepare name tags and to estimate the amount of beer we need to buy ;-)

Those who are attending please send an email to Ms. Giesela Haack (ghaack@uni-bremen.de) no later than 15. January, 2013

The webpage will be updated constantly. Please distribute the address to anyone interested.

<http://www.geochemie.uni-bremen.de/workshop/>

We are looking forward to two interesting days of scientific exchange.

Best wishes, Ralph Schill
