COMPETITION REGULATIONS

The basis port will be the Yacht Club Esmeralda, located in Santa María del Mar, Lima.

All the accredited boats which are part of the competition will carry all the regulatory means of rescue and an operative VHF station to receive instructions and establish constant contact with the Director of **Competition** and Competition Committee.

FEDERACIÓN DEPORTIVA PERUANA DE ACTIVIDADES SUB-ACUATICAS

Jr. Tomás Ramsey 116, Magdalena del Mar - Lima Teléf:(511)261 4595 Fax:(511)261 7215

Only the CMAS International Judge on his own, or the Director **of Competition once agreed with the Cmas International Judge** can **change** the order of the official competition zones or the eventual use of the reservation zone, because of bad weather or reasons of absolute necessity.

In case of disagreement, the international judge will enforce his decision.

Some minutes before the departure from the basis port, the functioning of the stations will be proved by making a counting of the participants and announcing the competition zone.

All the boats will sail after the boat of the Director **of Competition** and **CMAS** International Judge, on the way and return of the fishing zone.

Near the competition zone, the Director **of Competition** will perform a new counting of the participants and will communicate the start and final time of the trial.

He will also inform the time margin to pass control after the end of competition and the meeting point agreed by the CMAS International Judge and the Director of Competition.

PENALTIES FOR DELAY IN PASSING THE CONTROL AFTER END OF COMPETITION

Up to 5 minutes	2.000 points
Each following minute or fraction	500 points
More than 15 minutes	disqualified

Only in **the event** of bad **weather or sea** conditions, the Security Coordinator, with previous authorization of the CMAS International Judge, will be able to decide the partial or total suspension of one of the days of competition.

In any circumstance or incidence, including meteorological conditions, the Security Coordinator can propose any action to the **CMAS** International Judge of the Championship (NOT decide). The CMAS International Judge has the responsibility and total autonomy to total o partially suspend a day or the competition, or reduce the dimension of the competition zone of the day.

A day of competition is considered valid if at least 2/3 of the expected duration of the day **has been completed**.

In case of suspension without the validity of one of the two days, the Championship will be valid.

If the championship must be suspended because of meteorological reasons or total necessity, it will be considered as valid if 2/3 of the scheduled duration **of one of the days** has been passed.

The competition will be developed in two (2) days, 5 hours each day.

The start and end of the competition will be indicated through the radio station, channel 53. The patrons, commissaries will point out the participants about the end of the competition.

Once the buoys have been located, in case of any other small variation because of the wind, tide or current/ strink, the position of the buoy will be prevalent. On the evidence of poor signage of one of the zone limit buoys, location will be corrected as soon as possible by the organization and only in that moment the participants will be authorized to operate in the corrected limit.

During the competition, only the official boats or other boats authorized by the CMAS international Judge, proposed by the organization, can be present in the competition zone.

OFFICIAL BOATS

FEDEPASA (responsible of the organization) will provide all the necessary boats, one to each competitor. The boats will be granted by lottery and the **patron of the boat** will act as **Commissary**.

In case of failures, the boat will be replaced if there is availability. No claims can be presented for the replaced boats.

For the boats of Peruvian participants, the Commissary will be appointed by the CMAS International Judge among the commissaries of other countries.

Each official boat assigned per lottery to the equipment of each country, will have the acronyms of the country and number 1, 2 or 3 (e.g. Per 1, Per 2, Per 3) which corresponds to his dorsal during the competition, being also the reference for the communications.

The competitors will not be allowed to change the boat at any time.

SCORING CALCULATION OF VALID AND LIMITED SPECIES

Catches will be considered as valid if they are captured by the participant in his environment, alive and in freedom state.

The scoring calculation of each competitor will be done as follows:

1. The valid catch will score one (1) point per gram, plus a bonus per catch of **500** points.
2. The maximum weight to be counted per catch will be **12.500** gr, plus the bonus per valid catch.
3. Each catch which does not reach 2/3 of the minimum weight of his category or group, will caused a penalization in the score, equal to the minimum weight required for this specie (**500; 1.200** or **2.000** points)
4. If the number of captures or quota of a specie is more tan the authorized, following will be the procedure:
 - a. In case of twelve (12) or more, automatically the captures of this specie during the day will be eliminated.
 - b. In case of eleven (11) the two (2) bigger pieces of this specie will be eliminated.
5. The bonus per specie will be equal to **500** points. That means, for each different specie captured in the day.
6. Bonus per quota of complete captures of one specie: **1.000** points for each completed quota.
7. The traditional single score will be equal to the weight of the valid species plus the bonus per catch, specie and completed quotas of specie, minus the penalizations.

Scoring in porcentual terms

Jr. Tomás Ramsey 116, Magdalena del Mar - Lima Teléf:(511)261 4595 Fax:(511)261 7215

The classification of each day of competition will be calculated in points, according to the regulations. The scores of each competitor will become in percentages taking as reference the scoring of the highest ranked of each day = 100 %.

The competitor that obtains the higher scoring will be credited with 100% and the scores of the following competitors will be calculated in percentage, based on the numerical score obtained by the first classified competitor. The percentage values will be rounded to the third decimal.

THE CALCULATION FORMULA TO BE USED WILL BE THE FOLLOWING

$$\frac{\text{Score of the day for each fisherman} \times 100}{\text{Score of the highest ranked of the day}}$$

FINAL CLASSIFICATION

1. **Individual classification:** will be determined by the sum of the percentage score of the two (2) days of competition. In case of tie, decision will be taken in favor of the one who has more valid catches. If the equality remains, the competitor with the heaviest piece will be considered the winner.
2. **Classification per Nations:** will be determined making the addition of the scores obtained in percentage of the (2) days by all the competitors representing a Nation

DISCIPLINE

All the members of the teams registered have the obligation of knowing and honoring the regulation of the competence.

The Judges and Commissaries will have the right and the duty to act when the regulations are not being complied.

The Judges and Commissaries of the boats or other persons, will be able to announce admonishments and a possible further disqualification made by the CMAS International Judge.

Two admonishments because the same reason during the same day of the competition will generate an immediate disqualification made by the CMAS International Judge.

Whether the Judge or the Commissary notes a failure, he has to immediately inform the competitor of the infraction once produced and as to make official the admonishment.

The Judge or Commissary has to inform the CMAS International Judge about the incident, being the only responsible of deciding the sanction.

The competitor being disqualified losses all the rights to classify in the Championship.

REGULATORY CONTROL

CMAS International Judge.

For the CMAS Championships, the International Judge is nominated by the Spearfishing Commission and approved by the CMAS Board of Managers.

The Judge has full control and authority over all the judges, commissaries and Officers of the organization, responsible of the development, security and technical control of the Championship, until the publication of the official results. He must approve the election of the mentioned persons and give instructions over the special regulations relative to the competitions.

His mission is:

1. The inspection of the facilities used in the competition.
2. To review the documentation of the participants.
3. The assignation per lottery of the boats and vessel commissions.
4. To sign the classifications sheets, giving conformity before publication of the results.
5. To apply the regulations, decisions of the CMAS and solve all the topics related to the effective organization of the competition in case the regulations do not cover them.
6. To ensure that all the commissaries necessary for the right development of the competition are in their positions. He can nominate additional officers if necessary.
7. To authorize the starting signal, after being sure that all the members of the Judge College (commissaries, organization, security and medical teams) are in their position.
8. The CMAS International Judge can cancel or suspend the competitions without the approval or previous consultation to the Director of the Competence or the Organization Committee:
 - a. Under any meteorological circumstance that he consider inadequate or compromising the security of the participants or the organization of the event.
 - b. If the locations of the competition of the facilities are not according to the regulations.
 - c. In the event of unfavorable meteorological conditions, he will take this decision only after discussing with the Security Coordinator.

The International Jury.

It comprises one member, the CMAS International Judge, named by the CMAS under the proposal of the Spearfishing Commission.

The mission of the Jury is to review the claims and take the corresponding decision during the next hour.

The decisions of the International Jury cannot be claimed, unless the jury is being informed of a new element.

The decisions must be communicated by written to the interested party immediately after the closing of the session.

The CMAS International Judge in his function as International Jury will be assisted if necessary, by a Competition Committee composed by the Competition Director and three (3) Captains of competitor teams nominated by the CMAS International Judge, among the persons being present in the Technical Meeting.

The functions and responsibilities of the Competition Committee are limited to provide experienced advice to the CMAS International Judge when required, without ability to take decisions except the
