## 1. WELCOME OF THE PRESIDENT:

On behalf of the Tunisian Federation of Sport Fishing (**FTPS**) and the Organizing Committee, I wish to welcome to athletes, Clubs officials and other clubs delegation members to Tunisia.

We are proud and honoured to have been chosen by the CMAS to organize the CMAS Spearfishing World Cup for Clubs.

This great event will take place in the beautiful region of Bizerte at the northern coast of Tunisia known by its bedrock and its diverse marine wildlife.

I hope that all our guests will enjoy their stay in Tunisia, and that this world Cup will remain in the minds of the athletes as a friendly and high-level meeting of the great spearfishing family and especially as a dream vacation of spearfishing in Mediterranean Sea.

**Dr. Fethi Bayar,**  
President of “Fédération Tunisienne des Pêches Sportives”(FTPS).

## 2. WELCOME TO BIZERTE

Bizerte is located at 65 kilometres to the Northwest of Tunis, the capital of the country, and five kilometres from cap Blanc, the northern most point of Africa . The city is located at the south-eastern tip of an isthmus on the north shore of the channel of Bizerte connecting the sea to the Lake of Bizerte. It is connected to the rest of its urban area located on the South Bank of the canal, by a Bridge Mobile which leads directly to the A4 motorway leading to Tunis, which puts it about 45 minutes from the international Tunis - Carthage airport.

Bizerte was founded around 1100 BC by Semitic Phoenicians from Tyre. Initially it was a small Phoenician Harbour for maritime trading in the western Mediterranean. Located 60 km (37 mil) of Carthage, other city founded by Phoenicians. Around 950 BC the city came under the influence of Carthage under the leadership of Queen Dido/Elissa. In 309 BC, during the Greek–Punic Wars, its port is used by several Carthaginian generals as Hamilcar Barca, Mago, Hasdrubal and Hannibal.

In 149 BC, the first Roman raids, the city was then occupied by the Romans, under the name of Hippo Diarrhytus during the period of reign of Julius Caesar.

In 439 AD, the Vandals ( East Germanic tribes) invaded the city and they used the port to accomplish their invasions of the rest of the Western Roman Empire, the city of Rome and the islands of Sardinia, Malta, Corsica and Sicily.

From 534 AD to 642 AD, the city returned to eastern Romans under the Byzantine Empire, after a defeat of the vandals in 534, and they build the Fort of Bizerte (now the Fort of Kasbah).

Bizerte was taken by Arabs in 647 in their first invasion, but reverted to Byzantine control until they were defeated and driven from North Africa finally in 695-98, by the troops of Charles V in 1535 and then by the Turks in 1574. The city then became a corsair harbour and struggled against the French and the Venetians. Later with the occupation of Tunisia in 1881, France gained control of Bizerte and built a large naval harbour in the city.

Due to Bizerte's strategic location on the Mediterranean, France retained control of the city and her naval base after Tunisian independence in 1956. In 1961, Tunisian forces blockaded the Area of Bizerte and demanded French withdrawal. Meetings at the UN Security Council, and other international pressure moved France to agreement; the French military finally abandoned Bizerte on 15 October 1963.

### HOW TO REACH BIZERTE:

The organisation affords free transfer from Tunis Carthage Airport to the hotel in Bizerte and from the hotel to airport only for the official period, which is from the 27<sup>th</sup> June to 1<sup>st</sup> July 2018.

Out of this period, you can take the bus or better a taxi from Tunis Carthage Airport to go to Bus Main Station for the north at **Bab Saadoun**, and there you have buses to Bizerte nearly every hour until 06.00 PM. You can also take a “Louage” which is a big size taxi (minivan) that carries 6 to 9 persons. The trip takes one hour and costs by bus or by “Louage” about 5 dt (1,7 €).

## 6. THE WORLD CUP

The Spearfishing World Cup for Clubs will take place in two consecutive days of competition of five (5) hours each one, in the northern coast of Tunisia.

This geographic area will be divided in three (3) areas named "Competition areas", two (2) primary areas where competition will take place and one (1) reserve area in case the weather conditions make it unsafe for people and boats to operate in the primary areas. These areas will be named Zone A -, Zone B - and Reserve zone.

The CMAS Technical Delegate will confirm the order of the competition areas no later than one hour before the start of the first competition day.

The CMAS Technical Delegate can, if he considers it necessary, reduce the time of the competition day compared to the initially scheduled time, during the competition day or at the start of the competition day, for safety reasons, if weather conditions are severe.

Competition in one day will be valid if the time passed exceeds the two thirds of what is the scheduled for the competition in the day.

The World Cup will be valid when at least one valid competition day is completed.

The total suspension of a competition day is strictly a decision of CMAS technical delegate.

Teams can only use the boat provided by the Organization Committee or own boats accepted on registration that will be considered as the official boats. Another means of transportation is forbidden during the time of competition.

Each team will be provided with an official boat. Taking in account that boats could be of diverse size and power, in this event:

- Boats available, excluding teams with own boat accepted by organizer, will be distributed by draw.
- Captains are allowed to be in one of the boats assigned to own teams, and they will be free to switch from one boat to another during the day of competition.
- The boatmen act as commissioners.
- In case of breakdown, the boat will be replaced if possible. Complaints about the substitute boat will not be accepted.
- Clubs, which bring their own boats, must attach a written notice when registering. It will be authorized boats with 150 maximum HP. Commissioners will be assigned to these boats by the organisation.
- The CMAS Technical Delegate will select the commissioners for the Tunisian participants among other nations' available commissioners.
- Each official boat will be assigned a reference number the same as the Team. It will be a reference number when using the radio signal transmitter during the competition.
- Competitors are not allowed to change their boat.

The official visit period without fishing and taking guns in the water are two weeks = 14 days + the day before the World Cup starts = 15 days: since 13<sup>th</sup> June 2018 to 27<sup>th</sup> June 2018 (both included).

**It is forbidden:**

- To access the competition areas the day before the beginning of competition to all the competitors, members of delegation, commissaries, captains and other persons related to said persons.
- To visit any competition area during official visit period using scuba diving apparel other than apnea, or using scooters or any underwater mean of propulsion.

**WARNING!!**

During the training days, Tunisian legislation BANS THE **GROUPE**R CAPTURES and the quota allowed is **5 fishes** per spearfisher / day. The FTPS, Coast Guard or other competent authorities might inspect the boats. Organization strongly recommends complying with the Tunisian Fishing Law.

Breaking the law will lead to expulsion from the competition as well as the fishing apparel confiscation and an administrative and financial punishment.

During the competition, the Commissioners are responsible for participants to comply with the Law.

## 7. ALLOWED APPAREL

The use of an official buoy provided by the organizer committee will be obligatory for all competitors being in the sea during the time of the competition days.

In the event of losing the official buoy, the boat commissaries will request the organization for a spare official buoy, during that time the athlete must use another own buoy of similar dimensions.

**Only the use of following equipment is allowed:**

1. One boat for each team.
2. Spear guns, loaded by the athlete without help of other competitor or support of people on boat.
3. Diving fins
4. Mask.
5. Snorkel
6. Fast release weights belt.
7. Extra ballast weight that is always retrieved from sea bottom.
8. Gloves.
9. Buoy fish holder.
10. Spare arrows and hooks.
11. Underwater watch and computer.
12. Echo sounder.
13. Isothermal wetsuit.
14. Diving knife.
15. It is recommended to have an ice box to keep the catches fresh.
16. Communication means (mobile phones, VHF transceivers, walky talkies,...).
17. Global Position System (GPS).
18. Portable scale.
19. Flashlight / underwater torch.
20. Safety jacket\* gadget approved by CMAS.

\***NB**: The volunteer Athletes can wear the safety jacket in competition but once used it is synonym of disqualification for the team.

**It is forbidden:**

- Carrying fish in the belt or any other place than the buoy or the boat.
- To be dragged by boat in the water against the current.
- Loaded spear gun out of water.
- Loaded spear gun hung on buoys.
- Use of compressed air for breathing from any kind of device or container.

**COMPULSORY EQUIPMENTS:**

Local Sea Authority requires use of following safety articles:

- Homologate safety float (buoy) or a spearfishing board.
- Red flag with a white line signalling underwater activity (Tunisian Law).

## **8. METHODS OF CONTROL**

Each team will be provided with a numbered official buoy at the moment of the inscription, the use of that buoy is COMPULSORY during the days of the competition, athletes must not go further than 25 meters from their official buoy.

The organizer committee will give numbered bags or numbered wire to every team to keep the fish of the catch that will be sealed by the commissaries and delivered at the designated place for the collection of the catches at the end of each competition day, or at the time when a team decides to abandon the competition. In this event it is compulsory that the team communicates this intention to the CMAS Technical Delegate or the Director of competition before leaving the competition area.

A number and the correspondent initials of the country and the club, with the number of the team and the flag of the country, according to CMAS General Rules, will identify every boat with a team.

## 9. THE COMPETITION

The Director of Competition will lead the journey of boats and competitors to the gathering point determined during the technical meeting of captains, in the middle of the zone of competition. The boat of the Director of Competition will leave the port of departure, followed by the boats of the athletes until arriving at the gathering point, where he will indicate the start of the competition with visual and sound signals.

All boats must follow the Competition Director boat to and from the competition area.

Once all boats have arrived at the gathering point, there will be a new recount of the participants and the time for the start and the finish of the fishing event will be communicated.

The gathering point and the margins of time to arrive to the gathering point and pass the control once the fishing time has expired will also be communicated at that moment.

At the end of the competition, the Director of Competition will signal the end in the same mode, both sound and visual signals. Boats of competitors must arrive to the precise gathering check point 15 minutes after the end of the competition time. The CMAS Technical Delegate can set a different margin if sea conditions require it.

- **PENALIZATION FOR THE DELAY ON THE MARGINS OF TIME:**

- **Up to 5 minutes** ..... **2.000 points**
- **Every additional minute or fraction**.....**500 points**
- **Over 15 minutes** .....**Disqualification**

The movement of the boats during the competition all the zone long must be keeping prudent distances with the other athletes and their buoys and at slow speed and respecting the distance in the radius of 25 meters of the buoy signalling one athlete.

- **SPEARFISHING BEHAVIOUR OF THE TEAM:**

### **Teams composed by two athletes:**

When spearfishing the two athletes are allowed to dive together. They must not go further than 50 m from each other and further than 25 m from the buoy.

If one athlete leaves the water to get on the boat, the second one can continue spearfishing.

If one athlete must quit the competition for any reason (get tired, injured ...), the second can't continue the competition alone and must quit the competition with his teammate.

### **Teams composed by three athletes:**

The third athlete must stay on the boat. He can replace any one of his teammates at any moment of the competition but only once the latter gets on the boat. It is not permitted to be three athletes in water at the same time.

## 10. COMMISSARIES AND JUDGES

All not identified situations in the present rules must be solved according to the international Spear fishing rules of CMAS.

For events not identified in the Particular or the General Rules, a decision will be taken and resolved by the International Jury/CMAS Technical Delegate for the World Cup.

The competition Committee may be consulted by the CMAS Technical Delegate for expert advice at any moment, but the CMAS Technical Delegate will take his own decisions.

· Commissaries of boats must fulfil the legal requirements and follow the orders of the CMAS Technical Delegate.

In the event of a competitor becoming tired or other circumstances obliging the athlete to retire from the competition, he can only leave the competition after notifying the commissary in own boat or in the medical boat (if necessary) and the latter has to communicate that to the CMAS Technical Delegate or the Director

of competition. The team composed by **two** athletes must **end** the competition if one of them must be evacuated from his boat for any reason. The team composed by **three** athletes can resume the competition after landing the leaving athlete on the quay or after transferring him to the medical boat but the team must communicate that to the CMAS Technical Delegate or the Director of competition.

During the competition, the official Main Boat will have flags in colours that mean:

**RED:** Emergence/Urgency

**WHITE:** End of competition.

**GREEN:** Request for mechanical help.

After White flag and sound signal, all competitors must stop his fishing activity and go on board the boat. If he has to stay in water, he will stop the fishing activity and remove his mask of his face.

## 11. SCORING AND CLASSIFICATION

- The calculation will be in two steps:

### **PHASE 1:** Traditional Points (P.T.)

The amount of points obtained by the captures in groups, calculated as follows: one point per gram of each valid catch plus the established bonuses.

The max valid weight for the scoring of the catches of any group will be 12500 g.

Catches that weigh more than 12500 gr will score this maximum value plus the bonus, although total real weight will be considered in the event of the existence of an award for the Biggest Catch.

### **BONUSES:**

- Each valid catch will have a 500 points bonus.
- Each different species will have a 500 points bonus.
- Additional bonus of 1000 points when the full quote of catches of a certain species is completed.

### **PHASE 2:** Percent Punctuation (P.P. %)

The total punctuation of each team on each day will be a percentage taking as reference the punctuation of the team with the highest score in that day of the competition.

The team who obtains the best punctuation will be credited with the 100% and the points of the rest of the teams will be calculated as a pro rata percentage of that punctuation. The percent values will be rounded up to the third decimal.

- **FORMULA FOR CALCULATION OF THE TEAM POINTS:**

$$\text{Punctuation of each team} \times 100 / \text{Punctuation of the first classified of the day.}$$

The classification will be calculated in points, following the precedent rules. The catch of any team who presents his catches in a bag other than the official one provided by the organization, with or without water, will immediately be removed from bag and water and be weighted last.

- **PENALTIES:**

- Any catch not reaching two thirds of the minimum weight of their category, will generate a penalty (negative points), equal to the minimum weight of the category/group.
- In the event of one fish exceeding the established limit of pieces of the particular species, it will be ignored in weighing and the two heavier catches of the species will be removed.
- In the event of the established limit of pieces in **Group 5** having been exceeded, the penalty will be **disqualification from the World Cup.**
- If a competitor exceeds by two or more catches the max number of catches of a species, all the catches of the species will be disqualified for this day of competition.
- Any catch that is not in the boat at the time of finish the journey of competition is not considered a valid piece.

## 12. VALID, NON VALID AND BANNED SPECIES

## BANNED SPECIES

## **FINAL CLASSIFICATION**

Only Teams and Clubs classification is awarded by CMAS. Classification by nations, if made by the organisation, will be honorific and not official.

**Classification by Team:** It will be equal to the total sum / addition of the total points in percent of the two (2) competition days. In the event of draw, the team with higher number of catches will win. If the number of catches is equal, the team with the biggest catch will win.

**Classification by Club:** It will be the result of the addition of the points in percent scored by the two best Teams classified of same Club during the valid days of competition. For the Club which is represented by only one Team, its result will be the points in percent scored by his Team during the valid days of competition.

## **13. REGULATORY FRAMEWORK AND SANCTIONS**

During the World Cup, the clubs and their members must follow these Particular Rules and the CMAS Spear Fishing General Rules. In particular: The competitors must know and respect Spear fishing CMAS rules, as well as these Particular Rules and local Tunisian laws.

The CMAS Technical delegate, Director of Competition and commissaries, will be in charge to enforce respect of the rules. After the boat commissaries' or the competition director's communication to CMAS Technical Delegate of any wrongful behaviour, the CMAS Technical delegate would decide a WARNING or a DISQUALIFICATION (for the day OR the whole World Cup).
